

The 110th Congress
U.S. House of Representatives
Washington, DC 20515

April 4, 2009

Chairman David Obey
House Appropriations Committee
H-218, the Capitol
Washington, DC 20515

Ranking Member Jerry Lewis
House Appropriations Committee
1016 Longworth House Office Building
Washington, DC 20515

Dear Chairman Obey & Ranking Member Lewis:

I am requesting \$12,100,000 for the Aerospace Research and Education Initiative (AREI) in fiscal year 2010. The entity to receive funding for this project is Analytical Services, Inc., located at 350 Voyager Way Huntsville, AL 35806. The funding would be used for AREI addresses needs for aerospace workforce development, research into advanced technologies, and integrated design and analysis methods. It will concurrently develop technology and new engineers capable of supporting our missile defense needs. Taxpayer Justification: The AREI will join a leading aerospace firm with *Auburn University* and *Tuskegee University* to integrate aerospace analysis and research with education. It will focus on applied and advanced research in critical technologies for missiles, rockets, and unmanned air vehicles.

Also, I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Robert B. Aderholt
