Dear Chairman Obey & Ranking Member Lewis:

I am requesting \$150,000.00 for Improving Technology Access for all Students in fiscal year 2010. The entity to receive funding for this project is Arab City School District, located at 750 Arabian Drive, Arab, AL 35016. The funding would be used to improve the quality of technology resources available to the students. Taxpayer Justification: This funding will help ensure that students are better prepared to compete in a 21st century global marketplace. The US Department of Education made STEM (Science, Technology, Engineering, and Mathematics) education a top priority. These funds would allow students in Arab to learn in a 21st century environment, thus preparing them for future opportunities in the global marketplace.

I certify that neither I nor my spouse has any direct financial interest in this project.

Also, I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Robert B. Aderholt
