Dear Chairman Obey & Ranking Member Lewis:

I am requesting \$3,150,000.00 for Montevallo Energy Savings Infrastructure Upgrade in fiscal year 2010. The entity to receive funding for this project is University of Montevallo, UM Station 6006, Montevallo AL 35515. The funding would be used for replacement of outdated natural gas steam boiler and an inefficient water chiller, both of which were installed in the 1970's. Both units will conserve natural gas and electricity. Taxpayer Justification: Montevallo is committed to the conservation of natural resources and sustainability efforts in partnership with state and federal government. A byproduct of this project is the monetary savings of converting to modern, more efficient equipment.

I certify that neither I nor my spouse has any direct financial interest in this project.

Also, I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

A handwritten signature in black ink that reads "Robert B. Aderholt".
