Dear Chairman Obey & Ranking Member Lewis:

I am requesting \$650,000.00 for Precisions Agriculture and Forestry, Auburn, Alabama in fiscal year 2010. The entity to receive funding for this project is Auburn University, located at 102 Samford Hall Auburn, AL 36849. The funding would be used for the development and implementation of new geospatial tools to allow site-specific management of forestry and agriculture land along with alternative crops for bioenergy production. Taxpayer Justification: The project has allowed the investigation of new technology and management practices to increase the efficiency of production. Results have led to establishing the best approach to implement precision agriculture/forestry technology and strategy while improving environmental stewardship

I certify that neither I nor my spouse has any direct financial interest in this project.

Also, I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,
