Dear Chairman Obey & Ranking Member Lewis:

I am requesting \$280,000.00 for Science Laboratory Project in fiscal year 2010. The entity to receive funding for this project is Northwest-Shoals Community College, located at P.O. Box 2545, 800 George Wallace Blvd., Muscle Shoals, AL 35662. The funding for this project will provide technology and equipment-enhanced science labs on the Phil Campbell Campus (current labs in urgent need of updates), and serve students entering allied health, nursing and other high demand science related fields. Taxpayer Justification: Will contribute to meeting the high demand need in the Healthcare field (Healthcare Industry Shortage) through the provision of high quality training as well as meet the demands for high quality Workforce Dev. and Training in the rural area of NW AL.

I certify that neither I nor my spouse has any direct financial interest in this project.

Also, I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Robert B. Aderholt
