Dear Chairman Obey & Ranking Member Lewis:

I am requesting \$2,200,000.00 for Virtual Environment Simulation Laboratory (CAVE) in fiscal year 2010. The entity to receive funding for this project is The University of Alabama in Huntsville, located at The University of Alabama in Huntsville, 301 Sparkman Avenue, Huntsville, AL 38152. The funding would provide UAH a new capability to support MSFC missions by developing engineering and science applications of virtual environment simulation as well as enhancing student involvement in virtual environments. Taxpayer Justification: This would benefit NASA MSFC uses of the facility relevant to MSFC missions, including virtual examination of rocket engines while firing, virtual participation in spacecraft manufacturing and maintenance processes and virtual presence on the surface of the moon.

I certify that neither I nor my spouse has any direct financial interest in this project.

Also, I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Robert B. Aderholt
