Dear Chairman Obey & Ranking Member Lewis:

I am requesting \$800,000.00 for Workforce Training Capacity Expansion in fiscal year 2010. The entity to receive funding for this project is Beville State Community College, located at 1411 Indiana Avenue, Jasper AL 35501. This request will allow the completion of the facility, the first career technical training building at the Fayette Campus. It will initially house programs in welding technology and industrial maintenance, along with Training for existing business and industry. Taxpayer Justification: These funds are an investment in better trained workers and increased space to accept more trainees. This request is in line with the federal government's mission of increasing training opportunities through the nation's community college system.

I certify that neither I nor my spouse has any direct financial interest in this project.

Also, I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Robert B. Aderholt
