Dear Chairman Obey & Ranking Member Lewis:

I am requesting \$200,000.00 for Technical Assistance for Alabama Soil and Water Conservation Committee-Alabama Irrigation Initiative in fiscal year 2010. The entity to receive funding for this project is Alabama Soil and Water Conservation Committee, located at PO Box 304800 Montgomery, AL 36130-4800. The funding would be used to provide technical assistance to NRCS and Alabama Soil and Water Conservation Committee for Alabama Irrigation Initiative. Taxpayer Justification: The Alabama Irrigation Initiative was started by a consortium of universities that found the construction of on-farm reservoirs for irrigation would lead to increased production and less risk during drought.

I certify that neither I nor my spouse has any direct financial interest in this project.

Also, I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Robert B. Aderholt
