The Honorable Sam Graves  
Ranking Member  
House Committee on Transportation  
and Infrastructure  
2164 Rayburn House Office Building  
Washington, D.C. 20515

Dear Chairman DeFazio and Ranking Member Graves,

I am requesting funding for the Red Bay interchange lighting project in the surface transportation reauthorization legislation.

The project sponsor for this project is the Alabama Department of Transportation and the project is located at the intersection of SR-24 (Corridor V) and SR-19 in Red Bay, AL 35582.

The funding is designated for completing this planned lighting project along the intersections of SR-24, which is part of the Appalachian Development Highway System, and SR-19. This project was identified as being on the Statewide Transportation Improvement Plan (STIP) as published by the Alabama Department of Transportation and is an appropriate use of taxpayer dollars.

The project is expected to increase the safety of the traveling public through the corridor as there have been numerous car accidents and fatalities along this unilluminated section of SR-24 and SR-19.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Robert B. Aderholt  
Member of Congress
