

U.S. House of Representatives
Washington, DC

March 20, 2026

The Honorable Tom Cole
Chairman
Committee on Appropriations
H-305, the Capitol
Washington, D.C. 20515

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
1036 Longworth HOB
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for City of Jasper for Transmission and Distribution Expansion in Fiscal Year 2027. The entity to receive funding for this project is City of Jasper, located at 121 17th Street W. Jasper, AL 35501. The funding would be used for transmission and distribution system improvements, including new water main, booster pump station, and elevated storage tank to improve water pressure to safe levels and provide reliable service west of the current system terminus. The project is an appropriate use of taxpayer funds because it addresses an existing service limitation west of the current system terminus, where elevation changes prevent reliable fire flow and adequate pressure from being delivered by the existing system without a booster station and elevated storage tank. These improvements are necessary to ensure safe, reliable service in an area that cannot currently be adequately served due to topography and pressure constraints.

The project has a federal nexus because the funding provided is for purposes described in Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "Robert B. Aderholt". The signature is fluid and cursive, with a long horizontal stroke at the end.

Robert B. Aderholt
Member of Congress
