The town recently received as a donation the former Liberty Bank Building. The building is in a state of disrepair in several areas. This funding would allow for the renovation of the Liberty Bank Building to the point that it is serviceable as a rental unit to house the Geraldine Medical Clinic, which is currently housed in a small unit in a strip mall. Specific areas which need improvement include a new roof, an updated HVAC system, a new floor, interior partitions to meet the needs of a clinic, and a reconfigured electrical system.
